GRETA FRAZZARIN

Italian Junior designer, open to Ux/UI position

I am an energetic and hardworking person with a huge passion for art and design. Since childhood my favorite pastime has always been drawing. Now that I am 26 years old nothing has changed. In my spare time I run, I have been practicing competitive athletics for 15 years, it helps me focus and achieve my goals. I relax going to museums and exhibitions, they are fascinating and I always find good inspirations for my projects there.

Education

2020 - 2022	University of Ferrara - Master's degree Innovation Design 110 CUM LAUDE
2017 - 2022	University of Ferrara - Bachelor's degree Product Design
